EXPERIENCE

General Assembly, Anaheim, CA — *Software Engineering Fellow*

2022 - Present

Collaborate with fellow developers to create a series of web-based applications using React and Postman to handle APIs.

Completed a project developing a browser-based portfolio web application in HTML, CSS, and JavaScript, hosted on Netlify.

Owned Space-Battle text-based video game for Google's Chrome web browser.

Developed a tic-tac-toe web application model with HTML CSS and JavaScript.

Amarith Cafe | Starbucks, Anaheim, CA — *FOH Manager / Shift Supervisor*

2016 - 2017 | 2017 - 2022

Cross-trained in POS development to adjust and publish features to an NCR point of sale system.

Improved customer connection survey metrics by 6% by creating an environment of positivity and cross-coaching.

Managed inventory, adapted the team to new technologies, and improved efficiency through process automation.

Developed training materials for customer care and service.

Mrs. Knott's Chicken Dinner Restaurant, Buena Park, CA — *Waiter*

2015 - 2016

Used sales goals and tracking data to reach our targeted sales-objectives.

Assessed restaurant capacity and coordinated with my leadership team to deliver customer satisfaction.

Sustained theming and customer experience.
